

Updated Return to Learn Plan 2023/2024

Dear JRCS Families,

As Juniper Ridge opens for the 2023/2024 school year, we continue with the decision made two years ago to only offer a direct learning option for the school year and Fridays will be an in-person direct learning day from 8:00 -12:00 for all students. We feel that in order to deliver a true Waldorf-inspired curriculum, children need to be at school in person for their learning. As of now D51 has stated that there will no longer be any face covering mandates in the schools. We will not be contact tracing and quarantining students unless there is an outbreak within an individual classroom. As of now the school will not have COVID tests on hand and will not be testing any students on site. All COVID testing will be handled off site by the parents or guardians of the student. Please look for future updates as information is subject to change. We look forward to a great year together!
